2. We don't know when the King will return, so we must stay awake. (vv34-37)

## PRE-QUESTIONS

---

1. Before we start, take a moment to humble yourself when we start talking about end times. This topic can be divisive. Our goal in this discussion isn't to leave with a perfectly mapped-out picture of the way end times will be played out. Love your fellow community group members and seek to worship together in unity.

## QUESTIONS

---

1. When the bible talks about end times, what kind of literature is that? (Hint: it has to do with the word apocalypse) What kind of language is used in apocalyptic literature (literal or metaphorical)?
2. Read Isaiah 11:6-9. How does this help us understand this topic? How is this a reversal of the fall?
3. Read Revelation 11:15-19. How does this help us find comfort and encouragement?
